About *the*MAPP Limited

*the*MAPP limited was created in 2012 as a joint venture between The Applied Knowledge Network Limited (www.appknow.net) and Junari Limited (www.junari.com) in order to develop the MAPP web service.

The Applied Knowledge Network develops and delivers innovative coaching and training solutions and developed the ideas and processes that support the operation and outcomes provided by the MAPP.

Junari provides Tailored Business Management Systems offering expertise in both software development and business process automation and have developed the technical infrastructure which MAPP operates across.
